Pjesma i ja...

PAULA JUSIĆ

Paula Jusić, a Croatian singer of a unique voice, winner of many national & international awards, in the “*Pjesma i ja*” concert will, together with her life & musical partner, Đelo Jusić, Jr. perform some of the best known and most beautiful Croatian love songs, as well as a repertoire of all time favorite hits & lyrics.

Paula’s concerts are unique and the audience is always thrilled!

Paula's greatest value is that in each performance she gives a big part of herself. She believes that music cannot be imitated; she simply feels it and sings with her soul! During her long lasting and successful career, Paula Jusić has performed in many countries around the world, but this will be her first time in South Africa.

We are happily looking forward to your attendance and welcoming you at the beautiful African Pride Café!
